What We Offer

Workshops on the Right to Vote at the Municipal Level

From September until the elections, we offer workshops about the right to vote in the municipal elections for community organizations and/or for the people with whom those organizations work. The aim: foster the electoral participation of all!

We touch upon various themes: the jurisdiction of the City of Montreal, the functioning of polls, the key dates of the electoral calendar, the measures put in place to facilitate participation, etc. The content of our workshops can of course be adapted to your needs!

Request a free workshop: elections.communications@montreal.ca.

Accessible Information Material

We have produced information material available for everyone to consult online. On our website, there will be an election guide in 22 languages, in addition to various universally accessible versions. We will also release video clips aiming at raising awareness on voting, and others at explaining the structure and functions of the City of Montreal.

Mobilisation and Awareness Raising Activities

Our community relations team will reach and meet Montrealers in their neighborhood. Activities targeting different publics will be organized in order to raise awareness on voting at the municipal elections and to provide information on those polls.

Contact us for suggestions of indoor or outdoor locations where our activities could be held: elections.communications@montreal.ca.

Thousands of Jobs Available

Working at the elections is a unique opportunity to understand its functioning and familiarise oneself with the democratic process. Many paid positions (lump sum package) are available on October 30th and 31st, as well as on November 6th and 7th.

Apply online: elections.montreal.ca/en/apply-to-work.
